PROFILE

Jack Spence - Aspiring Full-Stack Engineer, on track to complete a UPenn boot camp by January 2024. With a solid background in marketing, I am driven by a passion for tech innovation, aiming to simplify everyday life through technology.

BOOTCAMPS

Professional Certificate, Computer Science , Penn Engineering

May 2023 — December 2023

EDUCATION

Bachelor of Commerce, Marketing, Red and Yellow Creative school of Business, Cape Town

March 2021 — July 2024

Currently completing a BCom in Marketing. Set to be completed in July 2024. Skilled in consumer behavior, market research, and digital marketing. At this stage, I have gained experience in crafting campaigns that drive growth, analyzing market trends, and effectively engaging audiences, leading to impactful results.

INTERNSHIPS

Software Developer at Singular Systems, Cape Town

October 2023 — October 2023

During my internship at Singular Systems, a company known for partnering with renowned global firms, I contributed to developing reliable software solutions and technology-driven financial services. This experience allowed me to apply my skills in a real-world setting, working alongside a team dedicated to innovation and excellence in the tech and financial sectors.
